

Stormgarde - Left alone

*The things you've done to me
I don't forget them till you die
No time for deliverance
No time to cry*

*Your pretty face down in the dust
Never doing that again
I'll destroy your soul – forever dead
Your soul will cry out in pain*

*Breaking your heart
Tormenting your soul
Death stands by my side*

*Killing your thoughts
Burning your body
Death will be my guide*

*You were my pure angel
Now I know you are evil
Visions of your eyes full of pain
I'll never understand your thoughts*

*Dancing with demons in harmony
Sleeping in fire so long and deep
All the things you've done to me
Will come to you in agony*

*Breaking your heart
Tormenting your soul
Death stands by my side*

*Killing your thoughts
Burning your body
Death will be my guide*
