

Stormgarde - The Nightstorm

*I am blessed by the god of storm
I am baptized by unhallowed blood
I was born in the purgatory
I will die in waste and mud*

*There is rage, there is hate
In my mind, in my soul, in my fate*

*I am the Nightstorm
Embracing the dusk
I am the Nightstorm
Hunting lost souls
I am the Nightstorm
Kissing the dusk
I am the Nightstorm
Running through dawn*

*They have to follow the Nightstorms' voice
Into the dark night till the dawn
Fire is blasting upwards the sky
It is blasting fast with deadly speed*

*Through the dark, through the desert
Towards the dusk into my own*

*I am the Nightstorm
Embracing the dusk
I am the Nightstorm
Hunting lost souls
I am the Nightstorm
Kissing the dusk
I am the Nightstorm
Running through dawn*
